TRIZITOUT
THINKING INSIDE THR BOX!

Project number: 230809
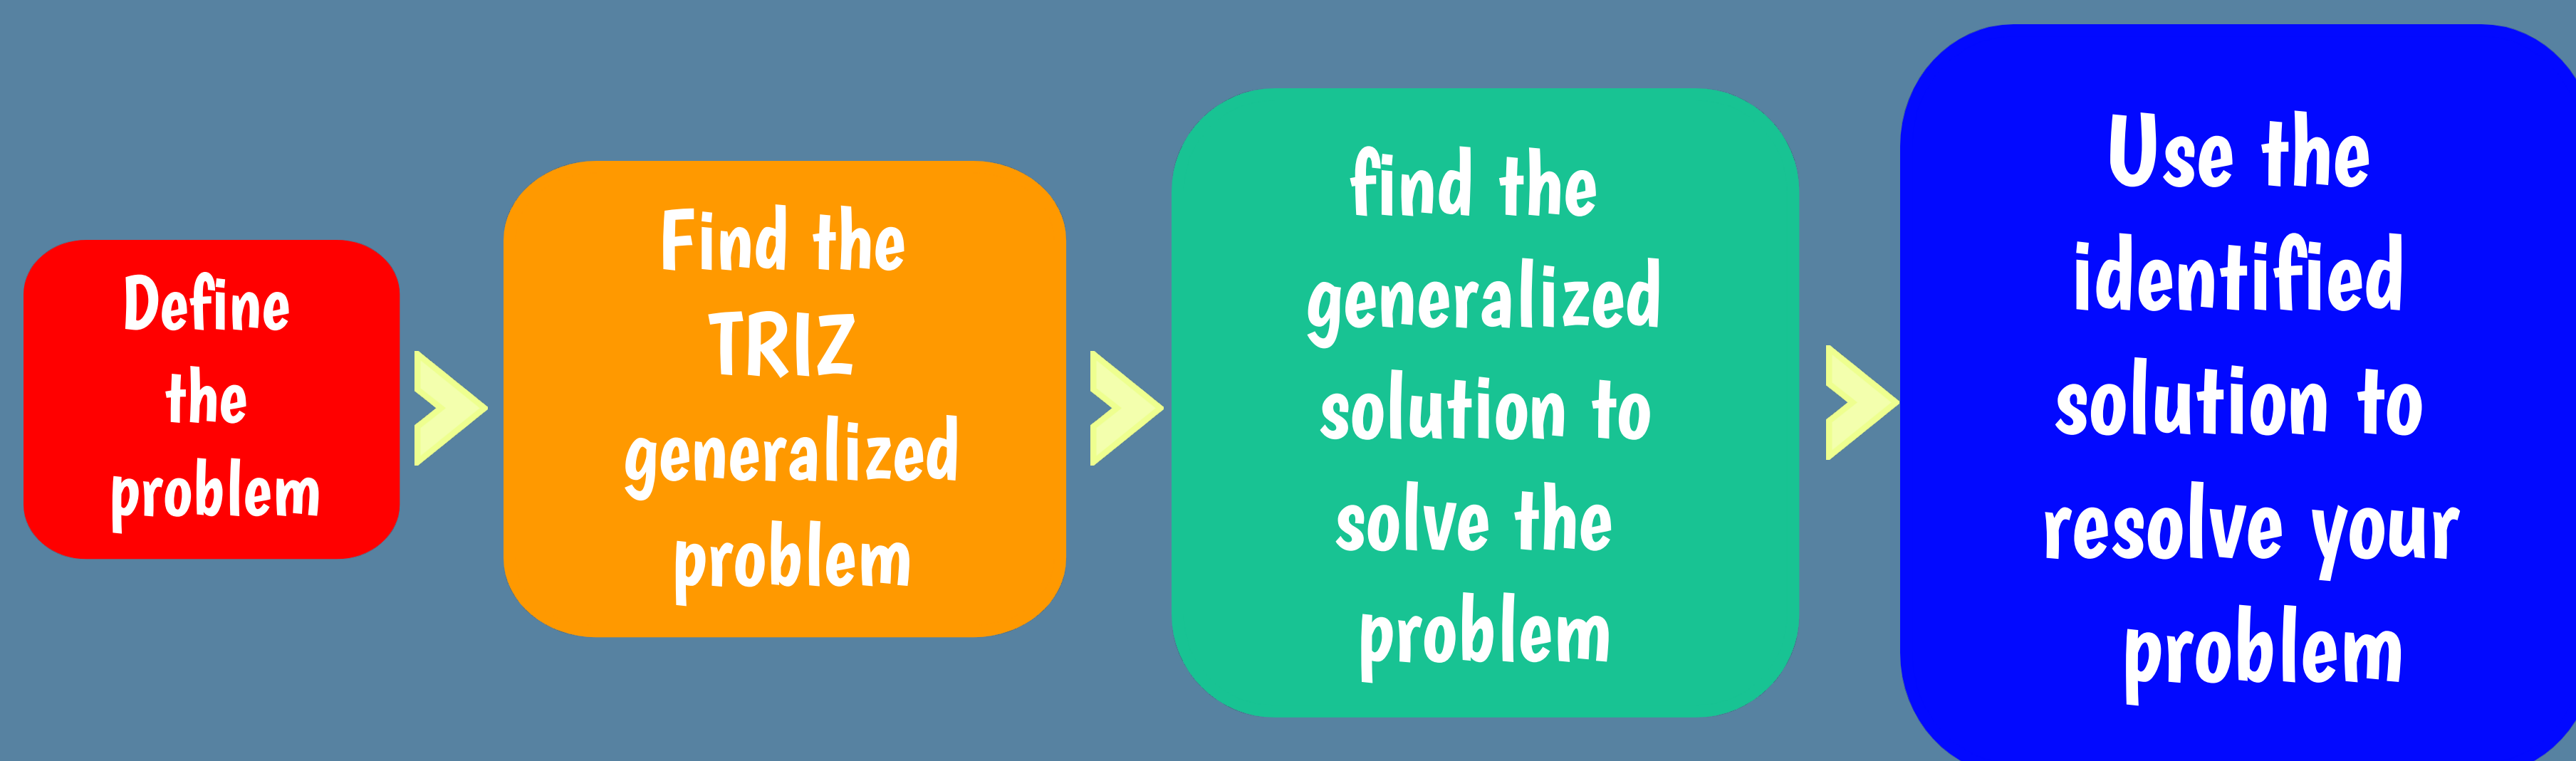

TRIZ Principle #1:

"Segmentation"-
Divide an object into independent parts

TRIZ Principle #5:

"Merging"-
Combine objects, that share similar properties or serve similar purposes.

CAN YOU FIND THE WAY OUT BY USING TRIZ PRINCIPLES ?

Define the problem → Find the TRIZ generalized problem → find the generalized solution to solve the problem → Use the identified solution to resolve your problem

ESCAPE ROOM GAME Advancing Last Year's Project
